Mr. Ecker was informed that the Agency planned to expend \$2,900 on the construction of new quarters for guards [REDACTED] as a replacement for a small guard building which was badly in need of construction repairs and which was not deemed adequate for its intended use. It was indicated that rudimentary kitchen facilities (charcoal stove) and sanitation facilities would be a part of the small building. Mr. Ecker indicated that he could see no question concerning the need. An outgoing cable authorizing the required construction was received, signed and released.
